ABOUT RAM® MOUNTS

RAM® Mounts manufactures rugged and versatile mounting systems for phones, tablets, and other mobile devices that can be attached nearly anywhere. Unlike other mounts on the market, RAM® allows you to secure devices where you need them most. The unique design of the RAM® Mounts system provides quick installation, adjustability, strength, vibration damping, and durability—all at a low cost. Backed by a lifetime warranty, RAM® uses powder-coated, marine-grade aluminum with lightweight and high-strength composites, stainless steel hardware, and rubber balls.

THE RAM® DIFFERENCE

PREMIUM DESIGN

The rubber ball and socket design of our mounting systems offers a secure hold, with near-infinite adjustability and vibration damping for the most demanding environments. With thousands of components trusted by users around the world, we've been able to design and develop mounting solutions that consumers and companies previously only dreamed were possible.

CUSTOMIZABLE

Take your phone mount from your truck to your boat, or mix and match components to create your ideal mount. Because of the modularity of the RAM® system, you can customize your solution to fit your specific needs in almost any application.

QUALITY MATERIALS

A premium design deserves the highest quality materials available, from rubber and stainless steel to high-strength composites and marine-grade aluminum. Our facilities—including powder coating, die casting, rubber injection molding, and shock and vibration testing—help us deliver on this promise to bring you inventive mounting solutions.

LIFETIME WARRANTY

It's simple. Our reputation as the leader of premier mounting systems means if we build it, then we guarantee it. We're confident in the quality of our products, and with our warranty, you can be too.

NATIONAL PRODUCTS INC. (NPI)

Introduced in 1995, National Products Inc. (NPI) quickly became the leading manufacturer of rugged and versatile mounting solutions. RAM® Mounts has grown to offer approximately 5,000 modular components—the most innovative product line of its kind for nearly any application and device, including phones, tablets, GPS systems, laptops, marine electronics, printers, radios, and much more.

In addition to RAM® Mounts, NPI is also the creator of award-winning IntelliSkin® sleeves and GDS® Technology™ products. IntelliSkin® sleeves ruggedize a wide range of consumer phones and tablets, while the GDS® Ecosystem™ provides users the ability to securely charge, dock, and sync devices in the most demanding environments.

NPI is proudly located in Seattle, Washington in the same neighborhood where the company was started.

PARTNER WITH RAM® MOUNTS

Here at RAM® Mounts, we believe that unfathomable things are possible with ingenuity. With a portfolio of more than 5,000 SKUs paired with innovative engineers and in-house product experts, we have the tools and expertise needed to create solutions that you didn't know were possible. We have the ability to solve your mounting challenges quickly, efficiently, and cost effectively.

HOW IT WORKS

DOUBLE BALL MOUNTS

Choose from a selection of holders, socket arms and ball bases to build a custom mount for your specific needs. Additional bases may be chosen so that your mount can support multiple devices, or can be transferred to alternate mounting locations.

1

CHOOSE A HOLDER

RAM® offers a wide selection of holders for your specific device.

2

CHOOSE AN ARM

Select an arm based on your desired length and placement.

3

CHOOSE A BASE

Select from a variety of bases to help secure your device where you need it.

Double ball and socket technology allows for near-infinite adjustability of your RAM® mounting system

Easy to insert and remove your device

Includes safety tether for extra peace of mind

Quick Release - No Tools Required

RAM® X-Grip® Phone Mount with
RAM® Tough-Strap™ Handlebar Base

RAM® TOUGH-STRAP™

RAM® TOUGH-STRAP™ + RAM® X-GRIP®

The RAM® Tough-Strap™ is lowest profile rugged mounting solution for any bike or motorcycle handlebars. With two different size straps, easily install the RAM® Tough-Strap™ on any mountain bike, road bike or e-bike with a simple twist of a knob. There are two different versions of the RAM® Tough-Strap™ that both integrate the RAM® Pin-Lock™ system for a direct, low-profile fitting. Attach either a RAM® ball adapter for utilizing B size components to build your own device mount, or a RAM® X-Grip® phone holder directly to the strap. The long strap is used for bar diameters ranging from 1.25"-1.38" while the short strap is used for diameters ranging from 0.875"-1". Included are extra rubber strips to cut down to the diameter range of 1"-1.125" for a more custom fit that adds additional friction. Take the RAM® Tough-Strap™ on your next adventure on and off the road

Clamp Mount for SPOT Gen4

RAM® TOUGH-CLAW™ + GPS MOUNTS

One of the best benefits of the RAM® Tough-Claw™ is the easy installation and removal on railings. Paired with a GPS mount, you can attach almost anywhere on your bike so you can travel safely. Don't feel like attaching to your handlebars? You can install these RAM® Tough-Claw™ GPS kits to any railing so you can still take advantage of using a GPS on your adventure without crowding your handlebars. From Garmin to TomTom, RAM® Mounts has low-profile and ultra-lightweight holders for just about any GPS device. Grab our Garmin spine adapter compatible holder for any Garmin device with a spine adapter for a super secure fit without interfering with any buttons or ports.

Holder secures any Garmin handheld device with an integrated spine connection

This socket technology allows for almost infinite adjustment and perfect viewing angles.

**RAM® TOUGH-CLAW™
BASE OPTIONS**

The RAM® Tough-Claw™ is the easiest mounting base to install and remove on railings and tubes, covering a wide diameter range. This base comes in B, or C size, for both light and heavy duty riding, as well as three different claw sizes covering 0.625" to 2.25" diameter railings and tubes. With a simple tightening of the knob, these claws are truly tough clamping onto the surface without any tools necessary.

FEATURES

Various sizes to support rails from .375" to 1.5" in diameter

Included rubber strip offers additional friction

Spring-loaded 'X' design with rubber caps provides a secure fit

RAM® TORQUE™

RAM® Mounts Torque™ bases come in multiple sizes that fit a variety of rail and bar sizes for secure placement of your device. Sizing inserts create a tight hold while protecting the bar, and the cast aluminum mount is available with a B size 1" or C size 1.5" rubber ball that attaches to a RAM® double socket arm. Mount your GPS unit, camera, phone or tablet to your bike's handlebars.

Internal bushings conform to your handlebar while protecting the surface

RAM® X-Grip® Phone Mount with
RAM® EZ-On/Off™ Bicycle Base

RAM® EZ-ON/OFF™

RAM® EZ-ON/OFF™ + RAM® X-GRIP®

The RAM® EZ-ON/OFF™ bike mount utilizes a single RAM® Pin-Lock™ base to attach an X-Grip® phone holder directly to your handlebars for the lowest-profile solution around. To keep the mount lightweight, two zip ties loop through the bottom of the base to easily secure to your handlebar. Included is a rubber pad to add extra friction and provide a soft barrier to prevent scratching. Adjust the zip ties for attachment to a variety of rails, from a minimum of .5" in diameter. For rugged applications, the RAM® X-Grip® includes a device tether that is recommended for added security and peace of mind.

The included base uses common zip ties to attach to a variety of handlebar diameters.
