TABLE SHELF - BAMBOO

Designed by Hans Thyge & Co. // Produced by PJ Production

# TABLE SHELF - BAMBOO

Keep the working space representative without any unnecessary interruptions, such as messy pens, tape, clips, among other smaller objects. You can easily solve the problem with this bamboo table shelf, that can be mounted on the table with one single clamp. The table shelf has a rectangular shape with a graphical, visual expression, as the table shelf is divided from the top of the desk.

The bamboo table shelf is measuring 160 x 310 mm, and has a design characterised by organic shapes, - looking at the edges, that supporting the design and providing extra security for the stored objects at the bamboo table shelf.

The table shelf is produced of bamboo, which is the most environmentally-friendly resource to sustainability, durability, and versatility. Bamboo is widely perceived as an attractive alternative due to its green growths, sustainable harvesting, and wood-like properties. Furthermore, the bamboo is providing a welcoming atmosphere towards the boring, unpersonalised working environments.
