

# UltraStand Universal

Integrated laptop stand, always with you.

The UltraStand Universal integrates perfectly with your laptop, so you don't have to take an additional laptop stand with you.

The UltraStand Universal is always with you and ensures everywhere a healthy and ergonomic way of working.

Adjust your laptop screen to the correct height, angle and distance so that you automatically adopt an ergonomically correct posture.

1. Distance between your eyes and the screen should be 50cm-80 cm (approximately an arm length), depending on monitor size and resolution. Adjust the distance of your screen.
2. The angle of your line of vision to the middle of the screen should be approximately  $-35^\circ$ , so also adjust the height of your screen.

Legal requirements

The laptop is not suitable for longer use without external devices.

## Integrated laptop stand, always with you.

The UltraStand Universal is ultra-thin and super light and therefore space-saving. Whether you use the laptop stand in the office, at university or at home, you can use it simply anywhere you can imagine laptop work. The UltraStand Universal is the perfect companion when you are on the go.

## The Advantages of the UltraStand Universal

### **Integrates perfectly with your laptop.**

After checking if your laptop model is suitable, the UltraStand Universal is easy to attach to the centre of the laptop bottom using the removable adhesive strips.

### **In a few seconds an ergonomic set up.**

Simply loosen the flexible height adjustment strap from the magnetic lock at the bottom. Then choose one of the six heights and set your personal optimal height level between 95mm and 160mm.

### **Right height and distance.**

With the UltraStand Universal you prevent unnecessary bending of your neck and back "into your monitor". The UltraStand Universal supports a healthier posture and reduces physical discomfort.

### **Made of high-quality, unique aluminium sandwich material.**

This unique material, which is also used in the automotive industry, is lighter than aluminium and resistant to dents and scratches. This material makes the UltraStand Universal therefore very durable.

### **Mobile working.**

The UltraStand Universal is ideal for mobile screen work. With the integrated UltraStand Universal there is no need to carry a separate laptop stand in your bag, it is always readily available.

### **Stable.**

This highly stable stand and the anti-slip feet on the underside promise a firm working setup for your laptop on any surface.

## Knowledge Center

The laptop: now indispensable for office life as we know it. With work locations becoming ever more flexible, the laptop is an essential tool for working at home, at the office or on the move...

The UltraStand Universal **integrates perfectly with your laptop**, so you don't have to take an additional laptop stand with you. The UltraStand Universal is always with you and ensures **everywhere a healthy and ergonomic way of working**. This laptop stand is suitable for a wide range of laptop models from 13 to 15.6 inches<sup>1</sup>. The UltraStand Universal can be **easily integrated to the laptop thanks to the adhesive strips**. You will not even notice that you are carrying it with you due to the **extreme light weight (89 g)** and the thickness (5.5 mm). The **high-quality aluminium sandwich material** makes the UltraStand Universal highly resistant to dents and very stable. Simply set the **optimal height** between 95 and 160 mm via the flexible strap with magnetic fastener on the front. From now on never forget your laptop stand for your mobile work and start working in a **healthier, more comfortable posture everywhere**.

*Integrates perfectly with your laptop.* After checking if your laptop model is suitable, the UltraStand Universal is easy to attach to the centre of the laptop bottom using the removable adhesive strips<sup>2</sup>. The laptop stand is with 5.5 mm ultra-thin and forms a unit with your laptop. Thanks to magnetic closure, you don't even notice, that it is attached. From now on you will never forget your laptop stand.

*In a few seconds an ergonomic set up.* First open your laptop as usual, second bring your laptop to the correct ergonomic height. Simply loosen the flexible height adjustment strap from the magnetic lock at the bottom. Then choose one of the six heights and set your personal optimal height level between 95mm and 160mm. The highly stable stand and the anti-slip feet on the underside promise a firm working setup for your laptop on any surface.

*Right height and distance.* You'd like to choose the right height and angle for your laptop screen, and reduce the viewing distance? With the UltraStand Universal you prevent unnecessary bending of your neck and back "into your monitor". The UltraStand Universal supports a healthier posture and reduces physical discomfort.<sup>3</sup> This will lead to a comfortable and productive way of working.

#### Info box – Ergonomics

Adjust your laptop screen to the correct height, angle and distance so that you automatically adopt an ergonomically correct posture.

1. **Distance** between your eyes and the screen should be 50cm-80 cm (approximately an arm length), depending on monitor size and resolution. Adjust the distance of your screen.<sup>4</sup>
2. The **angle** of your line of vision to the middle of the screen should be approximately -35°, so also adjust the height of your screen.<sup>5</sup>

#### Legal requirements

The laptop is not suitable for longer use without external devices.

If the laptop is used for more than one hour at a time, external devices are required to meet legal requirements and practice guidelines.

<sup>1</sup> You can check [here](#) if your laptop model is suitable for the UltraStand.

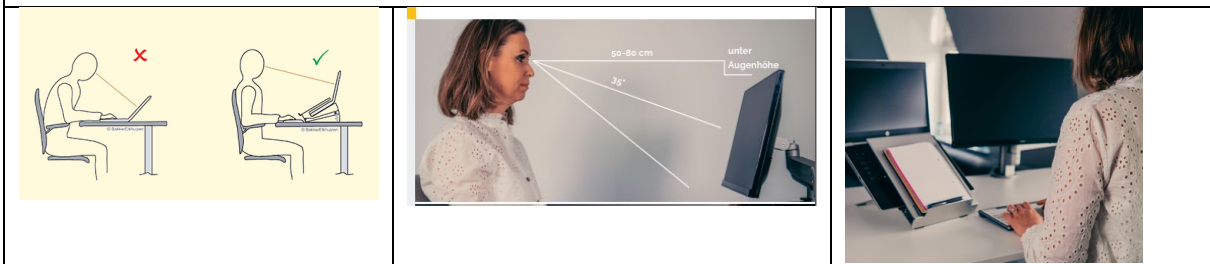

<sup>2</sup> The adhesive holds optimally on plastic. However, if you ever need to remove the UltraStand, the laptop will not be damaged.

<sup>3</sup> Vgl. Boersma, A.L., Mol, E., 'De effectiviteit van een laptopsteun', Tijdschrift voor Ergonomie, 28, Nr. 2, April 2003.

<sup>4</sup> Vgl. VGB DGUV Information 215-410, 2019, S. 93.

<sup>5</sup> Vgl. VGB DGUV Information 215-410, 2019, S.46.

To be able to work comfortably and productively with a laptop for a long time, a laptop stand, an external mouse, and an external keyboard are therefore indispensable. If you use an external monitor and position the laptop screen at the same height, both can also be used as a dual screen.<sup>6</sup>

*Made of high-quality, unique aluminium sandwich material.* This unique material, which is also used in the automotive industry, is lighter than aluminium and resistant to dents and scratches. The aluminium sandwich material makes the UltraStand Universal therefore very durable. The open design of the laptop stand gives enough ventilation space, so that your laptop stays cool.

*Mobile working.* The UltraStand Universal is ideal for mobile screen work. With the integrated UltraStand Universal there is no need to carry a separate laptop stand in your bag, it is always readily available. It is ultra-thin and super light and therefore space-saving. Whether you use the laptop stand in the office, at university or at home, you can use it simply anywhere you can imagine laptop work. The UltraStand Universal is the perfect companion when you are on the go.

(\*This product should be used with an external keyboard and mouse (sold separately)).
