

SUITABLE FOR BOSE SOUNDBAR 500

This VESA frame has been specially developed for the Bose Soundbar 500. Mount the Soundbar 500 on a rotatable wall bracket or TV stand. Create a perfect combination between your Bose Soundbar and television and experience the best. Mount the frame between the wall bracket and the television and use the spacers to align the front of the TV with the Soundbar. The frame is height-adjustable so that it fits neatly on the television

- Developed to get the best out of your Bose Soundbar 500
- Attach the Soundbar 500 to a swivel wall mount or TV stand for parallel swivel
- Adjustable in height for a perfect alignment of the Soundbar 500 with the TV
- Frame can be mounted to VESA 100, 200, 300 and 400
- Ready to install, includes all necessary mounting materials
