

WALL MOUNT

SUITABLE FOR SONOS AMP

CMAMPH

Do you want to mount the Sonos AMP on a surface? Our new wall mounts make it possible to achieve this. We have created a horizontal and a vertical wall mount, specially designed for the Sonos AMP. In addition to the modest design, it also has a positive contribution to the ventilation. This is important for the performance of an amplifier. With this wall mount you get the best out of the Sonos AMP.

- Developed to get the best out of your Sonos AMP
- Modest design to keep the focus on your Sonos AMP
- The custom shape ensures an optimal cooling performance
- Made from a single piece of 3mm strong steel with a durable powder coating
- Available in (CMAMPH) Horizontal (CMAMPV) Vertical
- Includes Fisher UX6 plugs suitable for any wall surface
- Ready, Quick and easy to install
