Fully adjustable dual-display configuration for greater comfort and enhanced productivity!

Up. Down. Forward. Back. Ergotron's LX Dual Side-by-Side Arm provides unparalleled range of motion with features like height adjustment, extension/retraction motion and tilt of displays as workflow requires, and an integrated landscape-to-portrait mode for one or both displays.

The LX Dual Arm easily accommodates displays sizes of 27" or smaller, perfectly aligning them on a sleek, streamlined base. Create a fully adjustable, side-by-side configuration, lifting both LCD screens up to where they're easier to see and freeing up valuable workspace.
