

Highlights

Flexible solutions that facilitate collaboration:

- Take the headache out of integrating new media and technology into the curriculum by consolidating all the technology tools needed on one small platform
- Ships fully assembled for quick integration into classroom settings
- Designed to meet UL standards
- Accommodates laptops, tablet PCs, LCD/CPUs, All-in-One CPUs, portable document cameras/visualisers, DVD players and wireless extenders of choice
- Works with on-board projectors or remote displays and projection devices
- Allows for one-hand adjustments of the most popular portable document cameras/visualisers
- Open-architecture platform allows you to truly manage the intersection of IT and AV; cart is scalable for future computer equipment advancements and upgrades
- Optimized footprint utilization in the classroom and reduces total infrastructure investment

Ergotron®

Teachwell® Mobile Digital Workspace (MDW)

This compact technology hub consolidates laptop or LCD/CPU, keyboard and mouse, portable document camera, DVD player, projection device, and more on to one, stable platform. Untether from a desk, podium or any single place and move wherever needed to deliver collaborative curriculum.

TeachWell easily rolls through aisles, doors and cramped media areas while the height-adjustment platform moves the keyboard, display and worksurface in one simple motion. Change from a sitting to a standing position whenever you want.

Dependable technology:

- ① Large 31.0"W x 21.0"D (78.7 x 53.3 cm) worksurface allows space for use of a document camera with viewing area and extra space for books, notes, or a writing surface. Constructed of rugged, durable phenolic material. Includes mechanical mounting holes to securely mount many major document camera models. Contact Ergotron for detailed information on compatible document camera models.
- ② Patented Constant Force technology provides fluid adjustments of keyboard and laptop positions for personalized computing or viewing; work standing or sitting. Lift range: Worksurface/Keyboard Tray adjusts 20" (51 cm) in tandem. Worksurface height adjustment range: 31.8–51.8" (80.8–131.6 cm)
- ③ Telescoping lift engine provides height adjustability without blocking the line of sight to the students.
- ④ Keyboard Tray dimensions: 26.3"W x 9.4"D (66.8 x 24.0 cm). Stowable tray standard with -5° tilt ensures wrists remain in a neutral position during data entry.
- ⑤ Cable Management Box provides storage area for one standard six-outlet power strip, two power bricks, and the associated cables. Interior dimensions 13.4"W x 5.1"D x 3.4"H (34.1 x 12.8 x 87 cm)
- ⑥ Durable, easy-to-clean exterior composed of phenolic, high-grade plastic and powder coated painted steel
- ⑦ Four gliding dual casters move smoothly across carpet or flooring; lockable front casters hold unit in place as teaching style requires. Wheel-to-wheel base dimensions: 28.9"W x 21.0"D (73 x 53 cm)
Optional security module – a secure stash spot for teaching tools and personal effects. Also doubles as a shelf for inkjet printers, DVD players, or other equipment (not shown).

LCD Size	Weight Capacity*	Lift	Tilt	Pan	Rotation	VESA
—	≤ 38.5 lbs* ≤ 17,5 kg	20" 51 cm	—	—	—	—

*Maximum load on height-adjustment assembly = 38.5 lbs (17.5 kg). When LCD Kit or Laptop Kit is added, this capacity is reduced by 4 lbs (1.6 kg); when Projector Shelf is added, capacity is reduced by 3.5 lbs (1.6 kg).

Product Name	TeachWell Mobile Digital Workspace (MDW)
Part Number	24-220-055 (graphite grey)
Includes	Cart, integrated phenolic worksurface, seamless keyboard/mousing tray, cable management box, cable winding brackets, four dual casters (two locking)
Shipping Dimensions	37.2" x 36.8" x 28.7" (94.5 x 93.5 x 73.0 cm)
Shipping Weight	90 lbs (40.8 kg)
Weight Capacity	≤ 38.5 lbs (17.5 kg)
Warranty	5-year warranty

Recommended accessories:
 TeachWell MDW Laptop Kit 97-585
 TeachWell MDW LCD Kit 97-586 (includes Universal CPU Holder)
 TeachWell MDW Projector Shelf 97-598-055
 TeachWell MDW Storage Bin 97-608
