EV0line® BackFlip

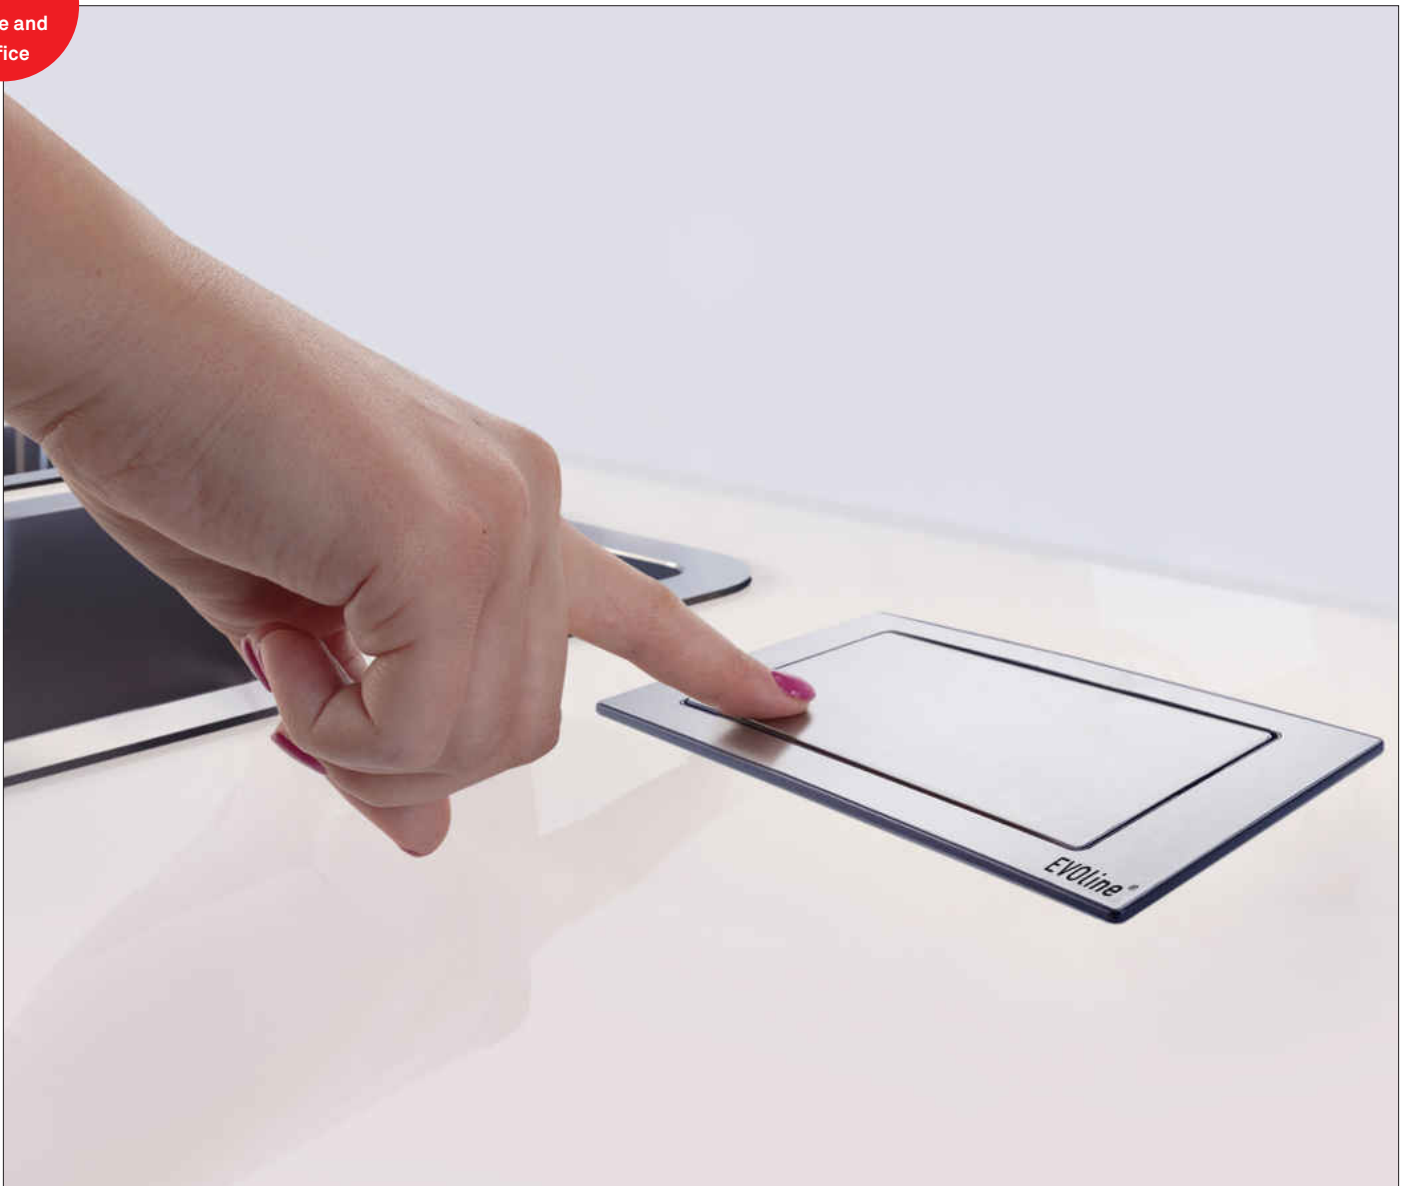

NEW

schulte
elektrotechnik

invented and made by
Schulte Elektrotechnik,
Lüdenscheid, Germany.

Enhanced
protection for
home and
office

Enhanced protection for the home and office

The EVOLine BackFlip has been designed and developed to offer enhanced protection against water ingress in both the home and the office. Opening effortlessly with a press of a finger and closing in a single turn, the discreet power solution will fit above most drawers and is also quick and easy to install.

Description
