

MonLines

Monitor transport case MTC003B for the Icon FH T / FH MT 2000 trade fair kit

Description

The MonLines transport case for the SMS Icon FH T and Icon FH MT 2000 trade fair kit is so compact that it fits in almost every car and thus finally solves the transport problem for columns. The case has built-in 80mm corner wheels and can therefore be moved without much effort. The external dimensions are (WxHxD) 1159 x 260 x 814 mm. The transport case is powder-coated with a PVC film. With this practical transport case you will never have to order extra large vehicles again. Monitor Transport Cases can be used for various areas of application. At trade fairs, conferences, events such as concerts, festivals, in clubs/ discotheques for video walls or at workshops - there are no limits to the areas of application.
