

## MonLines MTH012

### Monitor desk mount for 4 displays 17 - 32 inch

#### Description

For the use of 4 monitors on a desk, the MonLines MTH012 monitor holder for 4 monitors is a perfect choice. The desk monitor mount with table clamp and grommet holds up 4 monitors with a screen size from 17 inch up to 32 inch. The monitors are arranged in a square. A weight of max. 8 kg (max. 32 kg total weight) per monitor can be attached to the desk mount.

The stable column of the monitor desk bracket does not only integrates the cable routing, but also ensures a high degree of stability. The VESA compliant hole patterns of 75x75 and 100x100 mm can be used for mounting. The vertically and horizontally adjustable sliding system ensures optimal alignment of the screens and creates space on the desk.
