

## MonLines MTH013

### Dual desk monitor stand 17 - 27 inch

### Description

The MTH013 desk stand for 2 monitors from MonLines creates more free space and ensures ergonomics at the workplace. The dual monitor holder is suitable for screens with a maximum diagonal of 27 inches and a weight of up to 6 kg each. The smooth-running handle with spring system allows the crossbar to be easily adjusted to the ideal eye level.

In addition, the column of the dual table monitor stand can be rotated, while the two displays can each be tilted separately and rotated 360° for use in landscape or portrait format. The column also has an integrated cable outlet to keep the desk tidy.
