

MonLines MTH015B

Monitor desk mount for 3 monitors up to 27"

Description

The swivel, rotate and tilt monitor mount for 3 monitors side by side from MonLines MTH015B is suitable for three monitors from 13 to 27 inches. With a load capacity of 8 kg per screen, the 3-screen monitor mount supports a total weight of up to 24 kg. The height of the screens can be adjusted manually up to 450 mm. The VESA mount makes it easy to attach the monitor. The support arms and the column also have integrated cable guides / cable clips that ensure tidy cable management. The tilt function, swivel function and rotation function of the flexible MonLines multiple monitor mount allow different viewing angles to be set. This can prevent neck and back pain in the long term. The triple monitor holder is designed for offices, receptions or hotels as well as for remote desk set-ups.
