

MonLines MWH030B

Interactive whiteboard / TV wall mount up to 75"

Description

Due to its user-friendly operation and meticulously balanced mechanism, the wall mount can be easily tailored to fit the dimensions of the educator, presenter, or student. Furthermore, thanks to the VESA mount, televisions, monitors, or touchscreens ranging from 50" to 75" in size, and weighing between 40 and 60 kg, can be securely affixed. The interactive whiteboard's popularity is steadily on the rise, attributed to its diverse range of potential applications. Particularly well-suited for contemporary classroom instruction, university lectures, presentations within public institutions, or corporate settings, the whiteboard or interactive writing board is a seamless fit. In elegant black, the MonLines MWH030B height-adjustable whiteboard wall mount can be effortlessly installed on any wall with minimal fuss. For heightened adaptability, the smartboard mount is also equipped with the capability to be raised or lowered, making it the ultimate solution for wall installations with heavy-duty demands.
