

MonLines mySwing MSM03 electric TV wall mount

Description

Imagine that your television automatically moves to a desired position at the push of a button. The MonLines MySwing MSM04 electric TV wall mount can do exactly that and impresses with its revolutionary design. Find the perfect position for your television from your armchair or couch.

With the motorized TV wall mount MonLines mySwing MSM04 you can easily rotate your television by up to 90 degrees. This means you can enjoy perfect TV viewing anytime, anywhere. With the help of the remote control, you can swing the TV into the room using the bracket or move it to the wall at any time. The remote controlled TV wall mount is not only suitable for the living room, home cinema, bedroom or conference room, but can also be used in other areas. You can save two positions in your remote control
