

## MonLines mySwing MSM05 electric TV wall mount, black

### Description

The electric swivel TV wall mount from MonLines automatically moves your TV to the appropriate position at the touch of a button. The TV swivel arm can be comfortably adjusted in a range of 160°. Up to 2 positions can be stored on the remote control. The mount is suitable for screens from 50 to 70 inches and has a max. load capacity of 45 kg.

The integrated cable management ensures a neat routing of the device cables. With the help of the enclosed installation material, the extendable TV wall mount is easily and quickly attached.
