MonLines SIDEB

TV SideBoard with motorized lift

Description

The compact and mobile MonLines SIDEB TV SideBoard is equipped with an electric lift and is perfect for presentations, conferences or educational institutions where TV equipment / TVs are used in different rooms. The mobile TV furniture is available for screen sizes from 42 to 86 inches. Thanks to the VESA standard mount, TVs can be easily mounted on the TV lift.

The lift technology allows the display to move out of the TV unit automatically via remote control or smartphone app. When not in use, the TV set is parked in the housing by the lift.
