

## MonLines V017 VESA adapter 400 to 600 for SMS FUNC monitor stands

### Description

With the MonLines V017 VESA adapter for SMS FUNC or PRESENCE monitor stands, you can extend the existing VESA pattern of SMS monitor mounts from max. 400mm in height to 600mm. This allows you to also mount large flat screens with a VESA mount of 600x600 or 800x600. The VESA adapter strips can be easily attached to the existing adapter plate of the SMS FUNC / PRESENCE monitor stand and the monitor can be attached to the VESA holes.

Flat screens with a VESA mounting standard of 400x400, 600x400, 600x600 and 800x600 mm can be attached to an SMS FUNC / PRESENCE monitor stand with the MonLines V017 VESA extension. The MonLines V017 VESA extension can also be combined with other monitor mounts where the VESA mount is to be extended from 400 to 600 mm in height.
