

## MonLines V067 VESA adapter for Samsung C43J890DKU

### Description

The MonLines VESA adapter V067 perfectly sets the scene for the Samsung C43J890DKU curved gaming monitor. The VESA adapter plate makes it possible to combine the 43-inch curved monitor with a monitor mount that has the VESA standard 100x100 mm. The Vesa plate is attached to the back of the Samsung monitor to create a VESA mount of 100x100 mm. This makes the 43-inch gaming monitor compatible with any 100x100 mm VESA-capable monitor mount.

The MonLines VESA adapter, specially made for the Samsung VESA C43J890DKU, is screwed onto the monitor using 4 screws and allows it to be mounted on VESA-compatible screen mounts. Whether monitor wall mount, monitor column mount or display desk mount, there are no limits to the possible combinations.
