

MonLines V078S

height adjustable VESA adapter, silver

Description

The MonLines VESA adapter V078S ensures that a monitor can be moved vertically. The adapter plate gives the monitor a mobility of 15 cm up and down. It is installed on the monitor and on a monitor holder or wall. A toothed track ensures an easy and individual adjustment of the monitor.

The MonLines VESA adapter fits monitors with VESA dimensions 75 x 75 mm and 100 x 100 mm. The adapter side for the screen mount has a VESA mount of 75 x 75 mm. The load capacity of the V078S adapter plate is 8 kg.
