

# SMS FLATSCREEN FH T1450/2000

With it's feet firmly planted on the ground.

SMS Flatscreen FH T is a stable and reliable floor bracket that embodies our three values: design, function and safety. Large screens often attract a great deal of attention to themselves, and it is therefore important that the bracket can take the scrutiny. SMS Flatscreen FH T does your screen justice. Annoying cables and wiring are hidden inside the bracket. Practical shelving can also be added to perfectly compliment your screen.

Special features.

The design of the adapterplate makes it easier to mount. The design of the pillar allows you to, stepless, raise and lower you screen and shelves. The SMS Flatscreen H2 Unislide is included in the package.
