SMS FLATSCREEN **X** FH VIDEO CONFERENCE

Give your conference a double roll.

New, updated model that can be used with more screens, and is easier to move. Our mobile videoconference system with space for double screens and a top-mounted video camera can now accommodate screens of size up to approximately 40-46". Larger wheels on a more stable mounting facilitate movement between the conference room and offices. In addition, it is now easier to make fine adjustments of the screens during installation. The camera shelf and its bracket are ordered separately. Electrical power sockets can be mounted at the rear (ordered separately).

The X series is characterised by clean and refined features. The cable holder, for example, into which it is easy to place all cables by hand. The surface finish has also been given extra attention.
