

TabLines TBS002

Tablet floor stand for all available tablets

Description

Elegant design. The TBS002 tablet floor stand is fastened to the ground and presents the tablet in an elegant way. With its clear lines, a refined and present look and a high-quality powder coating, the tablet stand is an enrichment for every spot that should present content.

Optimized for public use. With the TabLines tablet floor stand TBS002 every Apple iPad, Samsung Galaxy Tab, Microsoft Surface, Lenovo, Huawei, Denver or MediaPad can be positioned freely in the room. The TBS tablet floor stand is made of solid steel and is resistant against every kind of signs of use. A visual pleasing and long-lasting product.

Various applications possible. The tablet floor stand can be combined with a TabLines TSG tablet protective case and is perfect for the usage in public areas. The TabLines floor stand can be used as a customized design touchscreen, as a room booking solution for meeting and conference rooms (e.g. car dealers, furniture shops, galleries, malls...).

The right variant for everyone. TabLines offers for all available tablets on the market a specific tablet mounting. Besides the TBS floor stand, other variants like the design tablet table stand, protective cases, screwable table mountings for more protection or tablet wall mountings are available.
