

TabLines V042

TBS adapterplate VESA 75x75 - 100x100 mm

Description

The TabLines VESA adapter for TBS floor stands is a Vesa adapter plate that can be specially screwed onto the TabLines TBS tablet floor stands. The Vesa extension allows the TBS floor stand to be combined with, for example, many common tablet protective cases or touch displays with a corresponding Vesa mount.

The adapter plate has a VESA standard of 75x75 mm and 100x100 mm. The TabLines V042 VESA adapter is made of robust steel.
