

# TecLines TAS009E

## Corner socket strip with USB A/C

### Description

The TecLines TES017B built-in desktop socket, presented in sleek black, offers an optimal solution for offices, home workspaces, or kitchens prioritizing both functionality and aesthetics. Featuring two grounded sockets and USB Type A and Type C connections, it facilitates effortless charging of smartphones or tablets directly from the desk surface. Seamlessly integrated into the desktop or worktop, this socket sits flush, maintaining the clean aesthetic of the space. Its slim design not only enhances visual appeal but also ensures ample legroom underneath the desk. Installation is straightforward, allowing for recessed mounting in tabletops, granting individual access to power, media, and data supply—an excellent fit for conference rooms or meeting spaces necessitating straightforward access to sockets and USB chargers for all attendees. With the TecLines Power Centre Station, outfitting the conference table with power sockets and USB ports becomes a swift process, fostering a streamlined and contemporary work environment. TecLines – Intelligent technology by creative minds.
