TecLines TKK009 / TKK010
cable channel desk, foldable

Description

 With the foldable cable tray TKK009 / TKK010 from TecLines, annoying cable clutter can be banished from view and order can be created at the workplace. The spacious desk cable guide is mounted directly on the underside of the desk top using screw fasteners. For uncomplicated cable management, the practical cable channel can be opened to both sides so that the cables hidden inside can be accessed at any time if required. The cable holder is available in lengths of 115 cm (TKK009) and 147 cm (TKK010) and in black, silver or white respectively.
