

TecLines TNT001

Wall mount USB power supply for tablets

Description

The TecLines TNT001 is a small power supply unit for tablets. The power supply unit is concealed in a flush-mounted box behind the tablet. Connected to a USB charging cable, the tablet is continuously charged while it is in the tablet frame. The TecLines TNT001 power supply USB flush-mounted can be combined with all TabLines TWE and TSG tablet enclosures.

Please note: Only the TecLines charger is included, for a complete mount you will need a TabLines enclosure (TWE or TSG) and a charging cable.
