

TecLines TUC024B, USB-C 3.1 cable 20cm

Description

The TecLines TUC024B USB-C 3.1 cable 20cm, black enables fast charging, connecting and synchronizing of devices with a USB Type-C port, such as smartphones, PCs or notebooks. This 2nd generation USB 3.1 charging-/ data cable has USB Type-C plugs at both ends and guarantees fast data transfer. With an output current of up to 5 A, smartphones and tablets with a USB-C port can be charged. The TecLines universal USB connection cable with a length of 0.2 m can be connected to a cell phone / smartphone charger, an inductive charging station with a USB Type-C port or a USB charger to charge notebooks or other USB-C compatible devices. It is also suitable for the fast transfer of music, photos and documents. The USB-C port is increasingly replacing the conventional USB 2.0 port on newer laptops, smartphones and other devices. Thanks to its precisely symmetrical design, USB C is more versatile and twist-proof.
