When you want the utmost viewing flexibility and a wall mount that is just as exquisitely designed as your flat screen TV, this is the choice for you. Create a clean design vibe for your flat screen TV in the living room, home cinema or bedroom. This mount is part of the Vogel's TURN products.

THIN 345

UltraThin LED/LCD/Plasma wall mount

mm/inch

Winner of the prestigious Red Dot design award, which is the most influential design award in the world, this LED/LCD/Plasma TV wall mount adds an elegant touch to your room and entertainment system. It easily turns your flat screen TV up to 180 degrees (90 degrees left and 90 degrees right) and tilts your screen up to 20 degrees forward so everyone has a perfect view from any spot. It is virtually invisible, with just 3.5 cm (1.4 inch) of space between the TV and the wall. A cable inlay system keeps cables hidden. You can easily install the LED/LCD/Plasma TV wall mount with the built-in spirit level and drilling template. Suitable for screen sizes of 32 to 55 inch (81 to 140 cm) with a maximum screen thickness of 4.5 cm (1.8 inch).
